

Climate and Land Use Alliance

US AGRICULTURE INITIATIVE

GRANTS AND CONTRACTS LIST

ONGOING

American Farmland Trust – Packard Grant

PURPOSE: to promote farm management practices that reduce greenhouse gas emissions

AMOUNT: \$400,000.00

DURATION: 23 months / Start date: January 2015

Better World Group – Packard Grant

PURPOSE: to design, organize, and drive a business-to-business collaborative effort to build corporate support for the West Coast Climate Campaign in Washington State

AMOUNT: \$112,000.00

DURATION: 6 months / Start date: December 2014

Bipartisan Policy Center – Packard Grant

PURPOSE: to establish a leadership council of agribusiness stakeholders to address climate change risks and opportunities

AMOUNT: \$200,000.00

DURATION: 5 months / Start date: October 2015

Bipartisan Policy Center – Packard Grant

PURPOSE: to support the first phase of work to establish a leadership council of agribusiness stakeholders to address climate change risks and opportunities

AMOUNT: \$210,000.00

DURATION: 5 months / Start date: November 2014

California Climate and Agriculture Network (CalCAN) – Packard Grant

PURPOSE: for outreach and education, leadership cultivation, and policy initiatives to promote climate-friendly farming practices and reductions in greenhouse gas emissions related to urbanization in California

AMOUNT: \$300,000.00

DURATION: 23 months / Start date: September 2013

Carbon Disclosure Project – Packard Grant

PURPOSE: to leverage investor engagement with food, beverage, and tobacco companies to drive emission reduction throughout the supply and grower chain

AMOUNT: \$240,000.00

DURATION: 36 months / Start date: August 2012

Climate Action Reserve – Packard Grant

PURPOSE: to develop a protocol for certifying carbon offsets from soil sequestration in native grasslands and rangelands in the U.S.

AMOUNT: \$150,000.00

DURATION: 12 months / Start date: June 2014

Coalition for Agricultural Greenhouse Gas Methodologies (C-AGG) – Packard Grant

PURPOSE: to promote agreement on, and development of decision-support systems, tools, and methodologies needed to adequately and cost-effectively measure, monitor, and verify GHG emissions-reductions in agricultural systems

AMOUNT: \$250,000.00

DURATION: 5 months / Start date: July 2015

Coalition for Agricultural Greenhouse Gas Methodologies (C-AGG) – Packard Grant

PURPOSE: to forge public-private partnerships and stakeholder alliances in support of policies, programs, tools, and activities that reduce net GHG emissions from agriculture and land use

AMOUNT: \$505,000.00

DURATION: 11 months / Start date: July 2014

Coalition for Agricultural Greenhouse Gas Methodologies (C-AGG) – Packard Grant

PURPOSE: to forge public-private partnerships and stakeholder alliances in support of policies, programs, tools, and activities that reduce net GHG emissions from agriculture and land use

AMOUNT: \$552,900.00

DURATION: 17 months / Start date: April 2013

DNDC ART LLC – Packard Grant

PURPOSE: to support improved tools for developing and evaluating agricultural and land management practices that reduce impacts of water quality, air quality, and GHG emissions by enhancing the availability and development of the science embedded in the DNDC model

AMOUNT: \$199,000.00

DURATION: 18 months / Start date: May 2015

Environmental Defense Fund (EDF) – Packard Grant

PURPOSE: to continue an initiative to accelerate reductions in greenhouse gas emissions from commodity agriculture in the U.S. by leveraging large retailer commitments

AMOUNT: \$750,000.00

DURATION: 11 months / Start date: July 2015

Environmental Defense Fund (EDF) – Packard Grant

PURPOSE: to continue work on CARB adoption of agriculture offsets for California carbon market

AMOUNT: \$250,000.00

DURATION: 11 months / Start date: October 2014

Environmental Defense Fund (EDF) – Packard Grant

PURPOSE: to continue an initiative to accelerate reductions in greenhouse gas emissions from commodity agriculture in the U.S. by leveraging large retailer commitments

AMOUNT: \$750,000.00

DURATION: 11 months / Start date: July 2014

Environmental Defense Fund (EDF) – Packard Grant

PURPOSE: to continue work toward the goal of generating 100 million metric tons of greenhouse gas emission reductions from agriculture and forestry in the US by 2020

AMOUNT: \$300,000.00

DURATION: 13 months / Start date: October 2013

Environmental Working Group (EWG) – Packard Grant

PURPOSE: to reduce greenhouse gas emissions and nitrogen pollution associated with agriculture and biofuels in the U.S. through research, policy advocacy, education, and outreach

AMOUNT: \$700,000.00

DURATION: 24 months / Start date: September 2014

Environmental Working Group (EWG) – Packard Grant

PURPOSE: to inform federal policy discussions that support goals of reducing greenhouse gas emissions and nitrogen pollution associated with agriculture in the United States

AMOUNT: \$650,000.00

DURATION: 18 months / Start date: March 2013

International Biochar Initiative – Packard Grant

PURPOSE: to provide general support in building a sustainable biochar industry

AMOUNT: \$200,000.00

DURATION: 11 months / Start date: July 2014

Meridian Institute – Packard Grant

PURPOSE: to support AGree in implementing recommendations from its Achieving Productivity, Profitability, and Environmental Outcomes in U.S. Agriculture Initiative

AMOUNT: \$245,000.00

DURATION: 11 months / Start date: January 2015

Meridian Institute – Packard Grant

PURPOSE: to facilitate meetings of Washington and Oregon state policymakers to discuss projected regional climate change impacts and potential policy options for reducing greenhouse gas emissions

AMOUNT: \$50,000.00

DURATION: 12 months / Start date: November 2014

National Sustainable Agriculture Coalition – Packard Grant

PURPOSE: to reduce the climate impact of farming through well-developed national policies and programs

AMOUNT: \$250,000.00

DURATION: 23 months / Start date: December 2014

National Sustainable Agriculture Coalition – Packard Grant

PURPOSE: to advocate for federal policy reform to advance the sustainability of agriculture, food systems, natural resources, and rural communities

AMOUNT: \$250,000.00

DURATION: 23 months / Start date: November 2012

Resource Media – Packard Grant

PURPOSE: to provide strategic-communications support for efforts to reduce greenhouse gas emissions from agriculture and biofuels, with a focus on clean fuel standards and commodity supply chains

AMOUNT: \$250,000.00

DURATION: 11 months / Start date: July 2015

Resource Media – Packard Grant

PURPOSE: to support strategic communications efforts to reduce greenhouse gas emissions from agriculture

AMOUNT: \$250,000.00

DURATION: 11 months / Start date: July 2014

Sustainable Conservation – Packard Grant

PURPOSE: to develop a study of options to reduce methane emissions in California, with a focus on dairies

AMOUNT: \$50,000.00

DURATION: 1 months / Start date: July 2015

Winrock International – Packard Grant

PURPOSE: to develop a comprehensive methodology for the production of greenhouse gas emission offset credits from the livestock sector

AMOUNT: \$300,000.00

DURATION: 31 months / Start date: December 2011

World Resources Institute (WRI) – Packard Grant

PURPOSE: for policy research to identify the scope for reducing agricultural greenhouse gas emissions and improving the environmental performance of agriculture through better targeting of Farm Bill conservation program investments

AMOUNT: \$350,000.00

DURATION: 40 months / Start date: March 2011

CLOSED

American Farmland Trust – Packard Grant

PURPOSE: to strengthen policies, programs, and resources to accelerate adoption of conservation practices in U.S. agriculture

AMOUNT: \$600,000.00

DURATION: 24 months / Start date: October 2012

American Farmland Trust – Packard Grant

PURPOSE: to maintain and strengthen policy, program, and resource support towards expanding American agriculture's adoption of conservation practices

AMOUNT: \$300,000.00

DURATION: 12 months / Start date: September 2011

American Farmland Trust – Packard Grant

PURPOSE: to advance agriculture's role in reducing greenhouse gases and improving water quality through policy reform

AMOUNT: \$300,000.00

DURATION: 12 months / Start date: September 2010

California Climate and Agriculture Network (CalCAN) – Packard Grant

PURPOSE: to advance policies that provide resources and incentives to accelerate the adoption of sustainable farming and ranching practices

AMOUNT: \$165,000.00

DURATION: 12 months / Start date: July 2012

California Climate and Agriculture Network (CalCAN) – Packard Grant

PURPOSE: to ensure that agriculture reduces its carbon footprint and enhances its potential to be one of the only globally available sinks for carbon

AMOUNT: \$120,000.00

DURATION: 12 months / Start date: July 2011

California Climate and Agriculture Network (CalCAN) – Packard Grant

PURPOSE: for work to ensure that agriculture reduces its carbon footprint and enhances its potential to be one of the only globally available sinks for carbon

AMOUNT: \$100,000.00

DURATION: 12 months / Start date: July 2010

Carbon Disclosure Project – Packard Grant

PURPOSE: to increase disclosure of greenhouse gas emissions from land use and agriculture through the Carbon Disclosure Project

AMOUNT: \$302,125.00

DURATION: 12 months / Start date: June 2010

Climate Action Reserve – Packard Grant

PURPOSE: to update the Nitrogen Management Project Protocol associated with climate change mitigation activities in the U.S. agriculture sector

AMOUNT: \$122,100.00

DURATION: 12 months / Start date: January 2013

Climate Action Reserve – Packard Grant

PURPOSE: to complete the development of standards for certifying carbon offsets associated with three climate change mitigation activities in the U.S. agriculture sector

AMOUNT: \$355,000.00

DURATION: 12 months / Start date: September 2011

Coalition for Agricultural Greenhouse Gas Methodologies (C-AGG) – Packard Grant

PURPOSE: to support the Coalition for Agricultural Greenhouse Gas Methodologies to ensure that agricultural greenhouse gas mitigation become an effective component of U.S. climate and agricultural policy

AMOUNT: \$375,000.00

DURATION: 12 months / Start date: March 2012

Delta Institute – Packard Grant

PURPOSE: to provide farmers with information to support their enrollment in the American Carbon Registry fertilizer management and/or Climate Action Reserve rice protocols

AMOUNT: \$40,000.00

DURATION: 6 months / Start date: May 2012

Duke University – Packard Grant

PURPOSE: to estimate mitigation opportunities and information needs for the development of an agricultural greenhouse gas mitigation strategy for California

AMOUNT: \$210,840.00

DURATION: 12 months / Start date: March 2013

Duke University – Packard Grant

PURPOSE: to scope mitigation opportunities and information needs for the development of an agricultural greenhouse gas mitigation strategy for California

AMOUNT: \$250,000.00

DURATION: 12 months / Start date: September 2012

Duke University – Packard Grant

PURPOSE: for the Technical Working Group for Agricultural Greenhouse Gases (T-AGG)

AMOUNT: \$65,000.00

DURATION: 12 months / Start date: June 2011

Environmental Defense Fund (EDF) – Packard Grant

PURPOSE: to accelerate reductions in greenhouse gas emissions from commodity agriculture in the United States

AMOUNT: \$1,000,000.00

DURATION: 12 months / Start date: June 2013

Environmental Defense Fund (EDF) – Packard Grant

PURPOSE: to improve federal farm policy and agriculture management practices in order to reduce net greenhouse gas emissions associated with U.S. agriculture

AMOUNT: \$600,000.00

DURATION: 11 months / Start date: October 2012

Environmental Defense Fund (EDF) – Packard Grant

PURPOSE: to continue ongoing efforts to improve federal farm policy and agriculture management practices in order to reduce net greenhouse gas emissions associated with U.S. agriculture

AMOUNT: \$1,200,000.00

DURATION: 24 months / Start date: September 2010

Good Food Strategies LLC – Packard Grant

PURPOSE: for research and outreach efforts designed to identify and activate key constituencies to improve the environmental footprint of agriculture

AMOUNT: \$249,700.00

DURATION: 12 months / Start date: June 2010

Grand View Group Consulting, LLC – Packard Grant

PURPOSE: to support the second year of the Stewardship Engagement Initiative

AMOUNT: \$438,000.00

DURATION: 12 months / Start date: March 2012

Grand View Group Consulting, LLC – Packard Grant

PURPOSE: for the implementation of the Stewardship Engagement Initiative

AMOUNT: \$175,000.00

DURATION: 12 months / Start date: March 2011

Grist Magazine, Inc. – Packard Grant

PURPOSE: to continue expanding national food and agriculture news coverage and to galvanize readers around critical issues linking agriculture and climate change

AMOUNT: \$225,000.00

DURATION: 18 months / Start date: August 2011

Grist Magazine, Inc. – Packard Grant

PURPOSE: to continue expanding national food and agriculture news coverage and to galvanize readers around critical issues linking agriculture and climate change

AMOUNT: \$150,000.00

DURATION: 12 months / Start date: August 2010

International Biochar Initiative – Packard Grant

PURPOSE: to continue promoting the development of biochar systems that follow full lifecycle sustainability guidelines and that combat climate change while enhancing the global soil resource

AMOUNT: \$200,000.00

DURATION: 12 months / Start date: June 2012

International Biochar Initiative – Packard Grant

PURPOSE: to continue promoting a viable role for biochar in national and international climate mitigation and energy policy schemes

AMOUNT: \$250,000.00

DURATION: 12 months / Start date: June 2011

International Biochar Initiative – Packard Grant

PURPOSE: to continue promoting a viable role for biochar in national and international climate mitigation and energy policy schemes

AMOUNT: \$250,000.00

DURATION: 12 months / Start date: June 2010

Meridian Institute – Packard Grant

PURPOSE: to support the for the AGree Initiative, a collaboration of nine foundations working on agriculture, nutrition and rural policy, and the Foundation Working Group on Food and Agriculture Policy

AMOUNT: \$1,205,000.00

DURATION: 24 months / Start date: December 2011

Meridian Institute – Packard Grant

PURPOSE: to continue to manage the Foundation Working Group on Food and Agriculture Policy and assist in implementing an Initiative on Food and Agriculture Policy

AMOUNT: \$250,000.00

DURATION: 7 months / Start date: May 2011

Meridian Institute – Packard Grant

PURPOSE: to manage and facilitate the work of the Coalition for Agricultural Greenhouse Gas Methodologies (C-AGG)

AMOUNT: \$300,000.00

DURATION: 12 months / Start date: March 2011

Meridian Institute – Packard Grant

PURPOSE: to continue to manage the Foundation Working Group on Food and Agriculture Policy and assist in implementing an Initiative on Food and Agriculture Policy

AMOUNT: \$500,000.00

DURATION: 5 months / Start date: December 2010

Meridian Institute – Packard Grant

PURPOSE: to manage and facilitate the work of the Coalition for Agricultural Greenhouse Gas Methodologies

AMOUNT: \$297,575.00

DURATION: 12 months / Start date: March 2010

National Farmers Union Foundation – Packard Grant

PURPOSE: to ensure greater farmer and rancher adoption of improved environmental practices through conservation programs

AMOUNT: \$200,000.00

DURATION: 12 months / Start date: November 2011

National Wildlife Federation (NWF) – Packard Grant

PURPOSE: to make biofuels more sustainable and to promote conservation on America's working agricultural and forest lands

AMOUNT: \$400,000.00

DURATION: 12 months / Start date: September 2011

Natural Resources Defense Council (NRDC) – Packard Grant

PURPOSE: to support the Sustainable Bioenergy, Food, and Agriculture project

AMOUNT: \$375,000.00

DURATION: 12 months / Start date: March 2011

Ohio State University Foundation – Packard Grant

PURPOSE: to engage farmers in improving the environmental performance of agriculture

AMOUNT: \$85,000.00

DURATION: 37 months / Start date: January 2011

Outreach Strategies, LLC – Packard Grant

PURPOSE: to support the public communications component of a release of issue papers on environmental challenges related to agriculture policy

AMOUNT: \$87,250.00

DURATION: 9 months / Start date: April 2012

Pathfinder Network LLC – Packard Grant

PURPOSE: for research and outreach efforts designed to identify and activate key constituencies to improve the environmental footprint of agriculture

AMOUNT: \$297,500.00

DURATION: 19 months / Start date: March 2011

Pennsylvania State University – Packard Grant

PURPOSE: to engage farmers in improving the environmental performance of agriculture

AMOUNT: \$78,200.00

DURATION: 35 months / Start date: February 2011

Resource Media – Packard Grant

PURPOSE: for continued strategic communications and media outreach work to promote nitrogen science, sustainable biofuels, and other important agricultural issues

AMOUNT: \$537,260.00

DURATION: 18 months / Start date: December 2011

Resource Media – Packard Grant

PURPOSE: for continued strategic communications and media outreach work to promote nitrogen science, sustainable biofuels, and other important agricultural issues

AMOUNT: \$375,000.00

DURATION: 3 months / Start date: September 2011

Sustainable Food Lab (SFL) – Packard Grant

PURPOSE: for the third year of an initiative to use performance measures to incentivize low carbon farming

AMOUNT: \$100,000.00

DURATION: 12 months / Start date: November 2010

Sustainable Obtainable Solutions – Packard Grant

PURPOSE: to advance the prominence of biochar as an effective, economically viable, and scalable solution to climate change

AMOUNT: \$50,000.00

DURATION: 12 months / Start date: November 2010

Theodore Roosevelt Conservation Partnership, Inc. – Packard Grant

PURPOSE: to educate and mobilize sportsmen, conservationists, and union members to protect strong conservation outcomes in U.S. agricultural policy

AMOUNT: \$125,000.00

DURATION: 12 months / Start date: June 2012

Theodore Roosevelt Conservation Partnership, Inc. – Packard Grant

PURPOSE: to educate and mobilize sportsmen, conservationists and union members to protect effective conservation programs on farms, ranches, and forests in the United States

AMOUNT: \$175,000.00

DURATION: 18 months / Start date: November 2010

Trust for Conservation Innovation (TCI) – Packard Grant

PURPOSE: to support the effective engagement of farmers and key constituencies in improving the environmental footprint of agriculture

AMOUNT: \$415,000.00

DURATION: 12 months / Start date: March 2012

University of Montana Foundation – Packard Grant

PURPOSE: to engage ranchers in improving the environmental performance of agriculture

AMOUNT: \$85,000.00

DURATION: 12 months / Start date: January 2011

World Wildlife Fund (WWF) – Packard Grant

PURPOSE: to develop solutions to the most significant environmental impacts of beef and dairy production

AMOUNT: \$220,000.00

DURATION: 12 months / Start date: November 2011
